RE-ENROLLMENT PROCESS PER PATIENT ASSISTANCE PROGRAM

REFILL REQUEST PROCESS

Purpose/Background

Medication adherence is largely impacted by patient specific barriers, one of the most crucial being financial constraints of affording their medications. There are resources from drug manufacturers and alternative programs to eliminate financial constraint of medication adherence. The resources available include:

1. **Patient assistance program (PAP)** - Drug manufacturers provide medications completely **free of charge** for low-income uninsured or Medicare patients, shipped directly to patients' home, primary care provider (PCP) office, or other designated address (i.e. infusion medications should be mailed to infusion center where patient has confirmed follow-up), depending on program eligibility. Covers almost **ALL** medications
 - a. Documentation required: program specific (none to needing income proof)
 - b. Process time: 2-7 days
2. **Welvista** – state run program, has limited formulary of medications
 - a. Documentation required: requires income documentation for all members of household,
 - b. Process time: 10-14 days
3. **RxOutreach** – nationwide program, has limited formulary for medications not covered by other PAP programs
 - a. Documentation required: None
 - b. Process time: 7-10 days
4. **Copay cards** – typically available to commercially insured patients or one-time uses in certain circumstances (outside the scope of this document)
5. **Walmart \$4.00 prescription list** – limited formulary of medications available at Walmart that may be more affordable via a prescription than at other pharmacies
6. **Care foundations** – foundations set up by donors for financially constrained patients for medications not covered by other programs (limited funds available)

This document encompasses comprehensive access to patient assistance programs (PAP) for almost all medications (see [additional resources](#) for medications not included). Patient eligibility is dependent upon:

- Income level based on the federal poverty limit (FPL), which varies yearly
 - Programs will either require proof of documentation or run electronic income verification (which will **NOT** affect a patient's credit score)
- Insurance status (must be uninsured or Medicare)

This **interactive document (clickable)** will allow for uninsured and low income patients to be enrolled in a patient assistance program and provide them with up to one year of medication **free-of-charge**. Following calendar year from enrollment date, subsequent application will need submitted for re-enrollment.

Barriers to utilizing [Welvista](#) through the state of South Carolina are:

- Cumbersome enrollment process, more than a patient can understand and above the appropriate level of health literacy
- 10-14 day processing time for applications
- Limited formulary
- Requirement of proof of income for all members within the household
 - Most patients do not have available during hospitalization
- FPL threshold of $\leq 250\%$ (stricter than most PAP)
 - Many patients can qualify for their individual medication with the higher threshold cutoffs for individual manufacturer PAP
- Medications also need e-scribed to Welvista or, if not originally e-scribed, will need mailed via the postal service to Welvista.

Patients are provided an expansive amount of information during their admission and at time of discharge. Many times, patients realize when they arrive at a pharmacy or arrive home, they may be uncertain of the appropriate steps to enroll in a PAP program, returning to a healthcare institution when their initial medication fill runs out. This interactive PAP tool enables our healthcare team to alleviate the financial burden and enrollment difficulties patients face alone outside of a healthcare institution.

Roles

Initial encounter

- a. Ensure appropriate insurance verification and upload into electronic health record

Case manager or office staff of designated area/clinic

- b. Determine patient eligibility based on manufacturer PAP
- c. Assist with completing patient contact information and income verification
- d. Assist patient with completing application
- e. Fax application for completion

How to use MAGIC (document is interactive, clickable)

1. Find desired medication via alphabetical directory or medications by disease state/condition
 - a. TIP: Use CTRL + F to quickly search for medication
2. You will be directed to the manufacturer program eligibility criteria for the selected medication
3. If patient meets criteria, click on the link of individual medication or on "Medications eligible for assistance" (depending on program) to be taken directly to PAP application
4. Complete application and fax to program (excludes Pfizer RxConnect-must apply online or call)

Acadia Connect

Eligibility

US resident

Any income

Uninsured

Medications eligible for assistance

NUPLAZID (pimavanserin)

- 1.** Patient must call 1-844-737-2233 or enroll online.
- 2.** Acadia connect will contact provider office and provide applications to be completed (patient and provider have portion to complete)
- 3.** Once application is approved, patient will be provided medication for 12 months
 - a.** After 12 months, program attempts to have patient enrolled in prescription drug plan

ADC Patient Support

Eligibility

US resident

$\leq 550\%$ FPL

Uninsured or underinsured

- Underinsured is deemed as paying $\geq 20\%$ out of pocket for medication

Medications eligible for assistance

[Zynlonta \(loncastuximab tesirine\)](#)

AMGEN safety net program

Eligibility

US resident > 6 months

$\leq 500\%$ FPL

Uninsured or plan excludes AMGEN product

| Household size | Annual household income (\$) threshold ($\leq 500\%$ FPL) |
|----------------|--|
| 1 | 67,950 |
| 2 | 91,550 |
| 3 | 115,150 |
| 4 | 138,750 |
| ≥ 5 | Click for FPL for household larger than 5 or add 23,600 per each additional person |

- Medicare patients must demonstrate inability to afford medication, ineligible for Medicaid, do not have other financial options
- Does **NOT** specify that income needs provided but states income may be asked to be provided

Medications eligible for assistance

[AstraZeneca AZ&ME program](#)

Eligibility

US resident

<300-500% FPL

Uninsured or
Medicare

AZ&ME cutoffs: 500% FPL for specialty medications, 300% for all others

| Household size | Annual household income (\$) threshold | |
|----------------|--|---------------------|
| | Group 1 (< 300% FPL) | Group 2 (<500% FPL) |
| 1 | 40,770 | 67,950 |
| 2 | 54,930 | 91,550 |
| 3 | 69,090 | 115,150 |
| 4 | 83,250 | 138,750 |
| <u>≥5</u> | Call AZ&ME 1-800-292-6363 | |

If patient has spent 10% of annual household income out of pocket on medical expenses in last 12 months, can submit documentation and still apply*

If patient is <150% FPL, program requires patient apply to Medicaid. If Medicaid denies claim, can send in denial letter from Medicaid and still apply. Can be granted 3 month supply while Medicaid decision is pending

i. Electronic income verification will occur, does not affect credit score

1. Some instances occur that the program wants proof of income requiring:

- a. Most recent federal tax return
- b. W2 or 1099
- c. Social security income yearly benefits statement

2. If income is zero, a letter from healthcare provider, family member, or patient can explain the financial situation and be submitted

| Each additional person | 14,160 |

Medicare patients with financial constraints can apply if they have spent 3% of annual household income on out-of-pocket prescription expenses

- Company may require proof of out-of-pocket expenses, which can be obtained from pharmacy
- Medications for cancer, ulcerative colitis, multiple sclerosis, and kidney transplant **can qualify with higher income thresholds** (reviewed individually)

Applications will be processed more quickly if income documentation included:

1. 1099 forms
2. Social security statement
3. Pension statements
4. Two consecutive pay stubs

Antithrombotics

| Medication class | Medication name |
|------------------|--|
| Anticoagulant | Arixtra (Fondaparinux) |
| | Eliquis® (Apixaban) |
| | Fragmin® (Dalteparin Sodium) Injection |
| | Heparin Sodium Injection, USP |
| | Lovenox® (Enoxaparin Sodium Injection) |
| | Pradaxa (Dabigatran) |
| | Xarelto (Rivaroxaban) Tablets Or Oral Solution |
| Antiplatelet | Brilinta (Ticagrelor) |
| Clotting factor | Benefix® Coagulation Factor IX (Recombinant) |
| Thrombolytic | Activase (Alteplase) |
| | Cathflo Activase (Alteplase) |
| | TNKase (Tenecteplase) |

Direct acting oral anticoagulants (DOACs) considerations

Eliquis and Xarelto programs exist. For our uninsured patients, the following should be known:

- Xarelto program allows for the patient to check the Box in Section 4, which will allow the company to run a credit check/proof of income on their own **or** the patient provide their most recent 1040 or 1040-SR Federal tax return if available.
 - Annual Income for single person household needs to be **less than \$40,770**
 - The Xarelto program sends the patient a pharmacy card, which will include an ID, RxBIN and Rx Group code that is good for one year and will cover the cost of the medication
- Eliquis program states “Proof of income may be required”: would like most recent federal tax return. If not available, it states provide as many of the following as possible:
 - W2
 - 1099
 - Pension statement
 - Social security statement
 - At least 2 consecutive pay stubs
 - Annual household income needs to be **less than \$40,770**

AUTOIMMUNE DISORDERS

Cardiovascular medications: Entresto (Manufactured by Novartis)

For Novartis products including Entresto eligibility for full patient assistance as follows:

- Household income per year:

| Household size | Annual household income (\$) threshold |
|----------------|--|
| 1 | 70,000 |

| | |
|--------------|----------------------------------|
| 2 | 100,000 |
| 3 | 125,000 |
| 4 | 150,000 |
| <u>>5</u> | Add 25,000 per additional person |

- Uninsured or limited private or public prescription coverage
- Patient will need to allow electronic income check, which will not affect credit score, only used to verify income by checking the box on page 3 under section 3 OR provide the following:
 - Most recent federal tax return
 - W-2 form
 - 3 months of paycheck stubs
 - Social security statement (1099)
- Prescriber application is page 4 and requires and ICD-10 code along with prescription, and prescriber signature

*****If patient has commercial insurance, \$10 copay card is available along with free 30-day trial*****

- Will need patient's Prescription insurance card with the following information
 - Rx BIN
 - Rx Group (GRP)
 - Rx PCN

For prior authorizations for Entresto

Three easy steps:

1. Select the patient's insurance provider (Commercial, Medicare, and Medicaid comprehensive list on website)
2. Review the coverage details and PA requirements for selected insurance plan (Aetna Standard example provided) – Not requiring a PA

2

Review Coverage Details for ENTRESTO

Learn about the coverage information and PA requirements for the plan you selected.

Aetna Standard

► COVERAGE

| | |
|---------------------------------|-----------------------------------|
| State: South Carolina | Name of Payer: Aetna, Inc. |

Example of workflow for Lilly Cares

There is an application through Lilly Cares for **free Basaglar and Humalog** for financially constrained patients.

The steps for completion are as follows:

1. Pharmacist or case manager can have the patient fill out the information of name, address, phone number, DOB, etc.
 - a. Patient qualifies if single person home annual income <\$54,360 and **no insurance or Medicare Part D**. If larger household, see application for further details
2. Provider signs actual prescription in the application packet (page 5) and additional signature (page 6)

3. Patient provides W2 or if no W2 available, handwritten provider note on McLeod letter head stating what the patient's annual income is/financial situation will be sufficient
4. Application faxed to number provided on Lilly cares application (3-7 days to process)

5. Case management will have to assist patient with first time fill at McLeod Outpatient Pharmacy (\$35.00 coupon attached to email), pen needles, lancets, test strips, glucometer (can be provided by diabetic educator if ordered)

As of June 29th of 2021, Walmart has produced a **Novolog** of their own. I called Walmart and confirmed all of the pricing with one of their pharmacists (see table below)

| Relion brand at Walmart | Insulin type | Vial (\$) | FlexPen (\$) |
|--------------------------------|---|------------------|---------------------|
| Novolog | Rapid | 72.88 | 85.88 |
| Regular (Novolin R) | Short acting | 24.88 | 42.88 |
| 70/30 premix (Novolin 70/30) | Intermediate combined with short acting | 24.88 | 42.88 |
| NPH (Novolin N) | Intermediate | 24.88 | 42.88 |

SGLT2 inhibitor (Farxiga-dapagliflozin or Jardiance-empagliflozin)

2. Farxiga-dapagliflozin (AstraZeneca)
 - a. Commercially insured
 - i. Use \$0.00 copay card

HIV Resources for South Carolina

[South Carolina Aids Drug Assistance Program \(ADAP\)](#), which reimburses 100% of cost for qualifying patients

- Three services
 1. Direct dispensing program (DDP)
 - a. Receive HIV medication directly through mail-order pharmacy (PANTHERx Specialty)
 2. Insurance Assistance program (IAP)
 - a. Fill medications through health insurance, program assists with premiums, copays, and deductibles through network of approved pharmacies
 3. Medicare D assistance program
 - a. Receive HIV medication directly through mail-order pharmacy (PANTHERx Specialty)

Qualifications

- Ready to make commitment to being adherent to pharmacotherapy
- Diagnosed with HIV/AIDS
- SC resident
- Limited income (\leq 550% of FPL)

| Household size | Annual household income (\$) threshold |
|----------------|--|
| 1 | 74,745 |
| 2 | 100,705 |
| 3 | 126,665 |
| 4 | 152,625 |
| 5 | 178,585 |
| 6 | 204,545 |

[RETURN TO TOP](#)

| | |
|---|---------|
| 7 | 230,505 |
| 8 | 256,465 |

[Click for FPL for household larger than 8](#)

- Ineligible for Medicaid
- Ineligible for Medicare Part D with Full Low Income Subsidy (FLIS)

Risk of termination

- Not responding to SC ADAP letters in timely fashion
- Failing to submit recertification documentation on time
- Income exceeds 550% FPL
- Stops taking medication as prescribes
- Qualifies for Medicaid or Medicare Part D with FLIS
- Moves out of SC or incarcerated

Required documentation

- Proof of income is required for the enrollee and for each member of the household listed on the form

Income Documentation

Documentation for income includes the following:

- | | | |
|---|--|---|
| <ul style="list-style-type: none"> • Salaries • Wages • Net earnings from self-employment • Royalties and Commissions • Tips | <ul style="list-style-type: none"> • Business profits • Rents, Interest, Dividends • Unemployment compensation • Scholarships • Child support | <ul style="list-style-type: none"> • Veterans Benefits • Social Security cash benefits • Workers compensation • Alimony |
|---|--|---|
- Most current pay stubs, W2, Federal Tax return, pension, unemployment compensation, social security benefits, alimony, child support, worker's compensation, wage statement, or employer letter on company letterhead dated, signed and including salary information are all acceptable
 - [Separate form for Zero or No Income certification](#)
 - Clinical data
 - Date of diagnosis
 - Most recent CD4 count
 - Most recent viral load
 - [Pharmacy selection form](#)
 - Participating pharmacies:
 - AIDS Healthcare Foundation Pharmacy – 3025 Farrow Road; Columbia, SC 29203
 - CarePlus Pharmacy – mail order pharmacy located in Columbia, SC
 - Easley Healthmart Pharmacy - 401 Hillcrest Drive; Easley, SC 29640
 - Hawthorne Pharmacy – 2761 Laurel Street; Columbia, SC
 - Hawthorne Pharmacy – 1520-A Taylor Street; Columbia, SC
 - Long's Drug Store – 600 Kilbourne Road; Columbia, SC
 - Long's Drug Store – 1216 W Main Street; Lexington, SC
 - MedExpress – mail order pharmacy located in Salisbury, NC
 - PANTHERx Specialty Pharmacy – mail order pharmacy located in Pittsburgh, PA
 - Pharmacy Innovations - 620 Congaree Road, Suite F; Greenville, SC
 - Responsive Solutions – 4605 Oleander Drive, Suite 5; Myrtle Beach, SC
 - Full list of pharmacies available below:

Undocumented patients living in SC with HIV

- There is a form that can be filled out for undocumented patients to qualify for the program:
<https://scdhec.gov/sites/default/files/media/document/d-1593.pdf>

All patients will need to fill out recertification form annually

See ADAP website for additional questions: <https://scdhec.gov/aids-drug-assistance-program>

AIDS Drug Assistance Program (ADAP) Formulary

HIV ANTIRETROVIRAL DRUGS

| Brand | Generic | Drug Class | Additional considerations |
|-----------------------------|--|-----------------------|--|
| Aptivus | Tipranavir | Protease Inhibitor | |
| Biktarvy | bictegravir / emtricitabine / tenofovir alafenamide fumarate | Combination Treatment | Before prescribing, refer to the drug's full prescribing information. |
| Cimduo | lamivudine/tenofovir disoproxil fumarate | NRTI | Product carries a boxed warning for post-treatment acute exacerbations of hepatitis B. |
| Combivir | lamivudine / zidovudine | NRTI | |
| Complera | emtricitabine / rilpivirine / tenofovir disoproxil fumarate | Combination Treatment | Indicated as a complete regimen for treatment of HIV-1 infection: 1) In patients 12 years of age and older with no antiretroviral treatment history and with HIV-1 RNA less than or equal to 100,000 copies/mL at the start of therapy and 2) In certain virologically suppressed (HIV-1 RNA <50 copies/mL) patients on a stable antiretroviral regimen at start of therapy in order to replace their current antiretroviral treatment regimen. |
| Delstrigo | doravirine / lamivudine/ tenofovir disoproxil fumarate | Combination Treatment | Product carries a boxed warning regarding the risk of post-treatment acute exacerbations of hepatitis B. Contraindicated when co-administered with drugs that are strong cytochrome P450 3A enzyme inducers (decreases in doravirine plasma concentrations may occur which may decrease the product's effectiveness). Refer to the package insert for concurrently administered drugs to avoid. Precautions include new onset or worsening renal impairment, risk of adverse reactions or loss of virologic response due to drug interactions, bone loss and mineralization defects, and Immune Reconstitution Syndrome. |
| Descovy | emtricitabine /tenofovir alafenamide | NRTI | |
| Dovato | dolutegravir / lamivudine | Combination Treatment | Dovato carries a Boxed Warning for patients co-infected with hepatitis B virus (HBV) and HIV-1. Prior to initiating treatment, patients should be tested for HBV infection. The emergence of HBV variants associated with resistance to lamivudine has been reported in HIV-1-infected patients who have received lamivudine-containing antiretroviral regimens in the presence of concurrent infection with HBV. In addition, severe exacerbations of HBV have been reported in patients co-infected with HIV-1 and HBV who have discontinued lamivudine. |
| Edurant | Rilpivirine | NNRTI | |
| efavirenz / emtricitabine / | efavirenz / emtricitabine / tenofovir disoproxil fumarate | Combination Treatment | Removed February 2022: Gilead Sciences discontinued the manufacturing of Atripla in July 2021. It is no longer available for |

[RETURN TO TOP](#)

| | | | |
|-------------------------------|--|-----------------------------|--|
| tenofovir disoproxil fumarate | | | commercial sale. |
| Emtriva | Emtricitabine | NRTI | |
| Epivir | Lamivudine | NRTI | |
| Epzicom | abacavir / lamivudine | NRTI | Before adding an abacavir-containing medication to the drug regimen, refer to the drug's full prescribing information. |
| Evotaz | atazanavir / cobicistat | Combination Treatment | |
| Fuzeon | Enfuvirtide | Fusion Inhibitor | Prior authorization required for an individual's first ADAP prescription for this drug. |
| Genvoya | elvitegravir / cobicistat /emtricitabine / tenofovir alafenamide | Combination Treatment | |
| Intelence | Etravirine | NNRTI | |
| Invirase | Saquinavir | Protease Inhibitor | |
| Isentress, Isentress HD | Raltegravir | Integrase Inhibitor | |
| Juluca | dolutegravir / rilpivirine | Combination Treatment | Clinical information regarding dolutegravir: At this point, women with HIV who wish to become pregnant and are currently receiving dolutegravir should be switched to a regimen with a more well-defined safety record in pregnancy. Women with HIV who are of childbearing age and are not interested in having children should be counseled about this information. Women who become pregnant while on dolutegravir need to discuss options with their HIV providers. |
| Kaletra | lopinavir / ritonavir | Protease Inhibitor | |
| Lexiva | Fosamprenavir | Protease Inhibitor | |
| Norvir | Ritonavir | Protease Inhibitor | |
| Odefsey | emtricitabine / rilpivirine /tenofovir alafenamide fumarate | Combination Treatment | Indicated as a complete regimen for treatment of HIV-1 infection in patients 12 years of age and older as initial therapy in those with no antiretroviral treatment history with HIV-1 RNA less than or equal to 100,000 copies per mL; or to replace a stable antiretroviral regimen in those who are virologically suppressed (HIV-1 RNA less than 50 copies per mL) for at least six months with no history of treatment failure and no known substitutions associated with resistance to individual components of Odefsey. |
| Pifeltro | Doravirine | NNRTI | Contraindicated when co-administered with drugs that are strong cytochrome P450 3A enzyme inducers. Decreases in doravirine plasma concentrations may occur which may decrease the product's effectiveness. Refer to the package insert for concurrently administered drugs to avoid. Other warnings and precautions include risk of adverse reactions or loss of virologic response due to drug interactions and ImmuneReconstitution Syndrome. |
| Prezcobix | darunavir / cobicistat | Combination Treatment | |
| Prezista | Darunavir | Protease Inhibitor | |
| Retrovir | Zidovudine | NRTI | |
| Reyataz | Atazanavir | Protease Inhibitor | |
| Rukobia | Fostemsavir | GP120 Attachment Inhibitor | |
| Selzentry | Maraviroc | CCR5 Co-Receptor Antagonist | Prior authorization required for an individual's first ADAP prescription for this drug. |
| Stribild | elvitegravir / cobicistat /emtricitabine / tenofovir disoproxil fumarate | Combination Treatment | |

| | | | |
|--------------------|--|-------------------------------------|---|
| Sustiva | Efavirenz | NNRTI | |
| Symfi Symfi Lo | efavirenz / lamivudine / tenofovir disoproxil fumarate | Combination Treatment | Product carries a boxed warning for post-treatment acute exacerbations of hepatitis B. |
| Syntuzta | darunavir / cobicistat / emtricitabine / tenofovir alafenamide | Combination Treatment | |
| Tivicay | Dolutegravir | Integrase Inhibitor | Clinical information regarding dolutegravir: At this point, women with HIV who wish to become pregnant and are currently receiving dolutegravir should be switched to a regimen with a more well-defined safety record in pregnancy. Women with HIV who are of childbearing age and are not interested in having children should be counseled about this information. Women who become pregnant while on dolutegravir need to discuss options with their HIV providers. |
| Triumeq | abacavir / dolutegravir / lamivudine | Combination Treatment | Before adding an abacavir-containing medication to the drug regimen, refer to the full prescribing information. Clinical information regarding dolutegravir: At this point, women with HIV who wish to become pregnant and are currently receiving dolutegravir should be switched to a regimen with a more well-defined safety record in pregnancy. Women with HIV who are of childbearing age and are not interested in having children should be counseled about this information. Women who become pregnant while on dolutegravir need to discuss options with their HIV providers. |
| Trizivir | abacavir / lamivudine / zidovudine | NRTI | Before adding an abacavir-containing medication to the drug regimen, refer to the drug's full prescribing information. |
| Trogarzo | Ibalizumab-uiyk | CD4 post-attachment HIV-1 inhibitor | Prior authorization is required for this medication. To initiate the process, please go through the Theratechnologies THERA patient support® program. Go to the website listed below and click on "I am a Healthcare Provider" and choose the Trogazo button. Then, look to the right of the next page for the Trogarzo Enrollment Form. https://www.therapatiensupport.com |
| Truvada | emtricitabine / tenofovir disoproxil fumarate | NRTI | |
| Tybost | Cobicistat | Boosting Agent | Tybost should not be used with cobicistat-containing drugs such as Evotaz, Prezcobix, or Stribild. Tybost in combination with lopinavir/ritonavir or regimens containing ritonavir is not recommended due to similar effects of Tybost and ritonavir on CYP3A. Refer to the product's full prescribing information at https://www.gilead.com/science-and-medicine/medicines |
| Videx, Videx EC | Didanosine | NRTI | |
| Viracept | Nelfinavir | Protease Inhibitor | |
| Viramune | Nevirapine | NNRTI | |
| Viramune XR | Nevirapine | NNRTI | |
| Viread | Tenofovir | NRTI | |
| Vitekta | Elvitegravir | Integrase Inhibitor | Prior authorization required for an individual's first ADAP prescription for this drug. |
| Zerit | Stavudine | NRTI | |
| Ziagen | Abacavir | NRTI | Before adding abacavir to the drug regimen, refer to the drug's full prescribing information. |

Additional medications covered under ADAP for HIV associated comorbidities

OPPORTUNISTIC AND CO-INFECTION DRUGS

| Brand | Generic | Drug Class |

Re-enrollment information per PAP program

AbbVie

- Submit same application and process
- Company does send application in mail for Medicare patients

Amgen

- Company will send application for patients already enrolled

AstraZeneca

- Automatically re-enrolling Medicare patients for 2023.
- Each patient will need new prescription e-scribed

Bausch Health

- The program requires that you re-enroll every year by completing a Bausch Health Patient Assistance Program application form. A notice regarding re-enrollment will be sent to you 60 days prior to the anniversary date of your participation in the program or, in some cases, by December 31.

Boehringer Ingelheim

- Re-enrollment forms are sent out after October 15th to the patient's home

Bristol Myers Squibb

- Beginning in November, a new application will be mailed to the patient and the provider office will be faxed that it is time to re-enroll patient
- Re-enrollment application is the same as initial application

end on 12/31/2022. Attached to this fax is a renewal application. We have also mailed a copy of the application to your patient.

If your patient would like to reapply for assistance from the BMSPAF:

- Please ensure the application is completed, signed, and dated, and that all requested documentation is included, such as proof of income and, for Medicare enrollees, out-of-pocket prescription expenses.
- Incomplete applications will result in processing delays.
- No later than 30 days from the date of this letter, please return completed and signed applications to BMSPAF:
 - By fax: (800) 736-1611
 - By U.S. Mail: BMSPAF, PO BOX 220769, Charlotte, NC 28222-0769

The submission of the application and documentation is not a guarantee that we will continue to provide medicine to your patient. Our program rules are subject to change without notice at any time.

If your patient is enrolled in a Medicare Plan:

- They may not be eligible for the BMSPAF in 2023 until they have spent 3% of their annual household income on prescription medications (for the entire household) in 2023.

How we prioritize our review of applications at the beginning of the year (January–March):

- Applications will be prioritized for review based on the patient's projected date of service/refill due date.
- For the rest of the year, we will prioritize by the date complete applications are received.

Please note that BMSPAF is not responsible for providing medication for missed dates of service and/or missed refills due to late submissions or incomplete applications.

- Note that Medicare patients will need to spend 3% of total income out of pocket at start of new year before reapproved

GlaxoSmithKline (GSK)

- Company will send out re-enrollment forms to patient's home 2 months prior to enrollment period end date
- Patients with Medicare Part D need to re-apply to the GSK Patient Assistance Program each calendar year after they have spent at least \$600 on prescription medicines through their Medicare Part D Prescription Drug Plan.
 - Fax or mail your completed enrollment form and documents to the GSK Patient Assistance Program. Faxed prescriptions are only valid if faxed directly from a physician's office. Applicant's name and date of birth must be on each faxed page.
 - If you are eligible for continued assistance through the GSK Patient Assistance Program, your first refill will automatically be sent to the address provided on the application.

Johnson & Johnson

- All patients up for renewal will receive an application approximately one month prior to enrollment end date, which include pre-filled patient and provider information
 - Renewal application is otherwise identical to initial application

Lilly

- Letter will be sent to patient only notifying them that it is time to renew 2.5-3 months before enrollment end date
- Application is the same as initial enrollment application
- Medicare patients can start re-enrollment November 2nd for the following calendar year

Merck

- Every patient must submit renewal application, which is same as original application

- Renewal application for Medicare patients sent out by company if requested and has two questions in addition to a new application
 - Signature for financial hardship
 - Yes or no for Medicare B or D
- Cannot be submitted until December

MyPraluent

- Re-enrollment process is completion of a new original application
 - Company does **NOT** send a renewal application to patients
- Approval through December 31st for Medicare beneficiaries, 365 days for uninsured patients

Mylan (Viatris)

- Renewal application is the same as original application
- Can submit renewal application 4-6 weeks prior to enrollment end date, which is 365 days from date approved

Nestle Health

- Will need to reapply about 30 days from your application expiration date; company will send a reminder letter in the mail when it is time to reapply
- Medicare patients will need to reapply after open enrollment annually

Novartis

- Patient will receive re-enrollment application 45 days prior to enrollment end date
- Providers office will be faxed same day re-enrollment application is sent in the mail
- Re-enrollment application is the same as the original application

Our records indicate that your patient(s) listed on the following page are enrolled in the NPAF and their enrollment will expire on December 31st.

Please note the following:

| Who | Actions Needed | Received by NPAF before | |
|------------|---|-------------------------|------------------------|
| Prescriber | Complete and sign your portion of the NPAF application | December 15 | Fax: 1-855-817-2711 |
| | Include a <u>separate</u> 12-month prescription with 90-day supply when you fax your portion of the NPAF application | | |
| | If your patient(s) has insurance and their policy requires a Prior Authorization (PA), you will need to attach the PA Appeal Denial with your portion of the application. | | |
| Patient | Your patient needs to complete their portion of the NPAF application including providing proof of income and copies of insurance cards | December 15 | |

Go to www.PAP.Novartis.com. To download an PDF of the English or Spanish application.

If you or your staff have any questions, please call NPAF's dedicated healthcare provider line at 1-800-277-2254 option 2, Monday through Friday, 8:00 am to 8:00 pm ET.

Sincerely,
Novartis Patient Assistance Foundation, Inc.

Attached Documents: NPAF Application

Novo Nordisk

- Re-enrollment can begin 30 days prior to the end of enrollment end date or after October 15th for Medicare patients
 - Medicare part D patients are approved for calendar year, uninsured or Medicare part A/B are approved for 365 days
- Re-enrollment application is identical to original application
- Company typically sends application for renewal by mail to patient's house

Otsuka

- Patients need to reapply 30-45 days prior to enrollment end date

- Company sends letter 60 days prior to enrollment end date as reminder to re-enroll
 - Medicare patients enrollment end date is December 31st annually
 - Uninsured patients enrollment end date 365 days from approval date
- Company does **NOT** send application to patient
- Re-enrollment application same as original application

TEVA

- Re-enrollment can begin 30 days prior to enrollment end date
 - Enrollment end date is 365 days from approval date
 - Only accepts Medicare A,B or uninsured
- Application and fax are sent to provider office prior to enrollment end date
- Letter is sent to patient prior to enrollment date

Requesting a refills per Patient Assistance Program (PAP)

AbbVie

1. Press number for your desired medication
2. Press 1 for patient
3. Press 1 to order a refill
 - Press 1 again for refill
 1. Enter DOB (dd/mm/yyyy)
 - Press 1 to confirm entry
 2. Enter 5 digit zip code
 - Press 1 to confirm entry
 3. Press number corresponding to desired medication needing refilled
 - Press 1 if address has not changed where medication needs shipped

BAUSCH HEALTH

1. Press 1 for patient
2. Press 4 for refill
3. Enter DOB as MM/DD/YYYY
 - Press 1 to confirm DOB
4. Enter last 4 digits of social security number
 - Press 1 to confirm social security number
5. Press 1 for enter prescription number
6. Enter prescription number
 - Press 1 to confirm prescription number

Boehringer Ingelheim

1. Press 2
2. Enter prescription number followed by the # key
3. Press 1 to confirm prescription number

GSK

1. Press 1 for refill
2. Enter 10 digit phone number (###-###-####)
3. Enter 7 digit prescription number on medication vial
 - Found in yellow rectangle above name on prescription label
 - 1. If prescription number cannot be found or is not available, patient will be transferred to representative to request refill

Novartis

1. Press 1
2. Press 1 to start new refill request
3. Enter 10 digit prescription number
 - If prescription number not available press 1
 - 1. Enter 10 digit phone number (###-###-####) associated with account
 - If additional help is needed, press 1 to speak with representative

Pfizer

1. Say name of medication calling about
2. Say patient
3. Say no for calling about enrollment status
4. Patient will be connected to representative to request refill
